OBJECTIVE

Motivated and detail-oriented Front-End Developer with a strong command of HTML, CSS, JavaScript, and React.js. Passionate about creating responsive, accessible, and performance-optimized web interfaces. Eager to contribute to a dynamic development team, apply modern web standards, and continuously enhance my skills while delivering meaningful user experiences.

PROJECTS

Yummy Pizza – Online Food Ordering Website

Technologies: React.js, Bootstrap

Built a responsive food ordering interface using React.js and Bootstrap.

Gaming Registration Website

Technologies: HTML, CSS, JavaScript

Developed a static website using HTML, CSS, and JavaScript. Created a responsive layout with registration form validation.

Movie Ticket Reservation System

Technologies: React.js, Tailwind CSS, TypeScript

Developed a comprehensive seat selection interface within the movie booking system that reduced booking time by 30 seconds per transaction; optimized user flow led to a 15% increase in overall transaction efficiency.
